>It's not just about policy, it's about ideology," said Owens. "We have an enemy in socialism and Marxism that does nothing but destroy everything it touches."
Yeah but where does he draw the line?
There's a thin line here apparently between butting heads with marxist pedos and butting heads with the cross bearers.
If he steps over that line he will effectively place himself in the camp of the marxists despite fighting them.
I don't expect a negro to be smart enough to maneuver that line on his own, not to say he's a bad guy or that I particularly HATE his race but as always the voice of reason must be harsh and methodical.

"The dazzling rise and tragic fall of Saudi Arabia's Mohammed bin Nayef"

"Saudi and U.S. sources say that MBS's anti-corruption committee is nearing completion of a detailed investigation of allegations that MBN improperly diverted billions of Saudi riyals through a network of front companies and private accounts while he was running Saudi counterterrorism programs at the Interior Ministry. MBN served there as chief assistant to his father, Prince Nayef, and then succeeded him as minister from 2012 to 2017. An associate of MBN's said Saudi investigators have demanded that he repay $15 billion they claim he stole, though it isn't clear how they reached that number. The associate, like some others contacted for this article, requested anonymity because of the sensitivity of the matter."

Directoranon here, I guess that's my name now. Quickly to business. So Hollywood launders DNC dirty money. Epic amts. You will be shown one direct line of it that illustrates the direct connex of this to child trafficking among those friendly to it here in town. This is by no means the complete roster but it's an example feds can use as a template multiple times to catch and prove multiple prey. Here it comes.

Child trafficking today is a politico-entertainment-MSM business. Big business. It's based on a rewards system. If you are out and want to be in, you send a big message to those who are in. If they think you will be useful, the golden door opens and all your dreams come true. If you did not send the message but by watching you they have deemed you to be useful, their deputies and scouts will invite you to meetings and parties where the traffic will be seen, discussed or implied. If you miss it they'll try again. If you ignore it they'll threaten your career. If you reject it, the phone calls and invites stop and you are blacklisted. If they REALLY wanted you, your talents and/or connex and you reject them, they have drones mostly at Black Cube (but there are others) who will spread filth about you online. Google Inc. assists with this and you will find it MOST challenging to make Google remove the libelous statements. The usual templates include phrases calling you
>fraud
>mentally ill
Specifically. If one of them REALLY REALLY wanted you or your talent and you cannot be replaced, you are marked for literal death and their operatives will kill you. Same thing if you report them to unboxed, not-clear LE. This dirty work floods the Democratic Party and characterizes all their operations. Hollywood is completely subsumed under this because money is big here and the left lives on every drop and cent of that money. Let's move on.

Here's some innocent gossip. Following this trail will lead to no arrests whatsoever. /disclaimer

>So:
The two parties in A know eachother intimately the way such parties always do. Both of A are friends with B. B is friends with both parties of C who respectively control Los Angeles entertainment and Chicago law enforcement. B and both parties of C are friends with both parties of D. B, C1, C2, and D1 and D2 are all friends with E. A2 had no entry to the bigtop because no talent and this was the early days of the ChildPrey gang back in 1990-1991 when A2's offices were on N. Cole. His partner then [N] was a gay biracial fellow named Kerry Jones. With no way in, but wanting to be in, A2 knew what to do. A2 duped funding out of pawns to back F, which is about H. F presented H in a shockingly positive way so this brought A2 to immediate attention of parties B through E because all are friendly to H and some directly practice it. F was seen as the new Powder (which see, or rather for sake of your soul don't).

B through E then moved mountains for A2 and suddenly he was in, leaving former partner out to dry. Former partner seethed and is sometimes a shifty double agent but secretly has wanted vengeance since for the betrayal. Former partner should be questioned extensively. He contains [actionable intel].

During his struggles A2 employed an I named J (alternative spelling, add surname of Civil War general). J's job was to cook the books for A2 and all his clients. J died. A2 replaced J and the New J now cooks the books for not only A2 but facilitates A2's money up the DNC chain to help feed B-E and the ChildPrey regime. Keep your [Eyes On] the ball when it comes to I because people like I and M are the key to bringing down entire house of cards.

More coming.

CONTINUED

M either performs all and some legal work for the top names in Hollywood. K and L both know him personally and so do B through E and vice versa. K and L also are very close with B through E and like A2 send regular $MMs up the chain. These are not discreet or normal $1K/$5K amts the way ordinary mortals donate. These are not donations. They are regular, steady, sustained direct blood infusions to the tune of MILLIONS OF DOLLARS EACH INSTANCE upstream straight to B through E and the interests, proclivities and operations thereof. M knows about each of them and New J knows substantial amount and both should be questioned and their books opened.

Not for least reason of which M has an interesting uniqueness about him and his practice:

>Almost ALL of his clients are p.e.d.o.philes.

And if you were to open the complete books and dockets on the things he has done, not all of which were restricted to mere legal cases but involved threats, extortion, thuggery and blackmail, you [and the feds, and America] would see and read them ALL.

What I am saying to you is the example of A2 provides a good basic template to what is going on and how the left is funded, and how deep [it] all is, and what all those parties are for and why [those specific star salaries], all people on the flight list, stay so high. Typical salary by the way $25MM per picture. Multiply $25MM times 2 to 3 pictures per year by each of them then imagine substantial portions of this swag moving continually up a blue straw to B through E and whatever they want to devise, whether that be to command votes, keep certain borders open, pay off-books money to ppl such as [House Witch] and [Crazy Eyes Strawneck Buck Buddy] [Eyes On net worth and houses versus each salary], attacks on our POTUS, payoffs to lying witnesses, hippocampi, CNN reports, BuzzHuffPo, dead children, you name it. Anything they want because the $$$ is fucking FOREVER.

Invoke RICO, stop operations, seize assets, and question all the New J's who work the books in this town. Question M and everybody who has ever worked there from the moment they opened their Century City doors. Do this, and the game is over. House of cards [DOWN].

I have no means of reaching broader audiences except cinema, and yes, some movies about this are on the way. Please get this to whoever Q is, or at least to AG Barr.

Barr will know what to do with this information. Thank you for reading, I now stand down. Cut.

This post is important and should be re-read. It contains specific intel on how information about the child trafficking/Hollywood gang protects its assets and silences anyone here they deem a threat to their operations, such as the sadly unstable but useful Isaac Kappy. Kappy was credible and his statements were truthful. A way for LE to identify prime pedos could be to ACTUALLY INTERVIEW FORMER AND PRESENT HOLLYWOOD PERSONNEL WHO WERE LIBELED ONLINE BY ONE OR MORE OF THESE CHILD MOLESTERS.

There are lots of them and I know quite a few. The mode of operation was always the same. This is a gift bag being handed to the right ppl. The poker tell and the missing scale in the belly of Smaug is this:
>In each case the pedophiles misused their libel teams against the person frivolously: usually as an act of revenge for the person leaving them, sexually rejecting them, having a better screenplay and so on. FRIVOLOUS REASONS. This overexposed the operation because they used it too much. Abuse of power. Talk to the ones libel flexed against for frivolous reasons and the names of those who did it will be exactly those who did it for REAL reasons: i.e., threatening to reveal pedophile trafficking operations. Imagine wanting to bag a group of hit men. These hit men became careless and began performing their kills casually against shopkeepers, waitresses, anybody who pissed them off. The smart fed in act 3 discovers through ballistic forensics the same gun was used to commit the BIG hits, like the one that killed the Treasury officer in Act 1.

Do you get it?
And there you have it.

They're kind of the thing delusional used to mean in the Soviet Union and were cribbed for use by similar ppl to do similar tactics. Basically the two are placed as dogwhistles to other pedos WE HAVE ONE WHO CAN SEE and they all swarm in joining the fun to annihilate the person's on and off-line reputation. Ask around to a few targets and victims of it and see if I am wrong. In a way what you are dealing with is a cult.

Interesting link.
>>https://www.backstage.com/forums/working-actor/scam-alert-beware-linda-evans-9073/?page=1

Here is an example of it. I don't know Linda Evans and it certainly doesn't appear to be the famous Linda Evans, but whoever this woman is, I doubt she did anything wrong to the ones talking about her. My bet is what she did do wrong was anger a high-level industry pedophile. Pay close attention and read everything throughout the thread these actors are saying. Perhaps Evans did do something but all I can see is she didn't have enough funding to please at least one of the talents speaking. Did it require this? Of course not but when you piss off a Hollywood chomo, stuff like this appears and it never gets taken down unless you bring in TOP level attorneys as my brother had to do. I was the one who found him that attorney.

Look at how extreme the statements are. It follows what happened to R. He had a table read and an actor afterward made a gay pass at him which R rejected. Gay actor went right online and spread statements about him. The statements were so similar to what you read here I would swear this is a published template they're following. And the words you see in a certain graphic here on thread will be visible right here, if they haven't been taken down. Essentially any time you see those three words being used specifically against someone Hollywood, online, they angered a pedo. Those three specific words together will ALWAYS be there. I would swear this truly is a cult.

Presents the pedophile as misunderstood and magical creature hunted by others and who only needs wuv.
They LOVE films like that.

ET: The Extraterrestrial by the way is also about that. Think about it. He even lives inside a boy child's "closet", the climactic scene of the picture is he and the boy finally, achingly "touch hot glowing wands", and the government doesn't like ET's kind. I hated this movie on contact and never realized why. Now I realize why. Is Spielberg one of the gang? I don't know. He was always fair to me. But his picture is a gang classic and seems meant for the gang, speaking under its breath. Steve may be innocent, but that picture is fucking evil.

Directoranon here. I keep seeing things that deserve commentary. I'll say this: Dr. William Cosby is and was the African-American legacy leader you're looking for. He was imprisoned on false charges by same team I've alluded to many times here. They knew what they were doing. It was to silence him and keep the blacks mesmerized by operations they knew were planned and you are seeing now, to control the election. The alleged victim happens to be a gold star lesbian who has never known man. Ever. Had he been attracted to her type, why did Melanie Henderson never report any harassment? Look up what Mel Henderson looks like. My former agent knew the casting director on that kiddie show. He was Kavanaughed. They were lies.

You should directly request Donald Trump pardon this man. This would probably win him the African-American legacy vote instantaneously. Imagine what Punished Cosby would have to say about the left from a podium.

I redpilled a lot of crew this way and they say now his films just aren't the same to them. It took me years, but what redpilled me was just kind of NOTICING in ET how the critter is in a little boy's CLOSET. And that the big payoff scene page 60 is the boy finally consenting to let ET's hot throbbing "finger" touch that of Eliott's. To me that was the eye opener and I have never been able not to look askance at Steve since. Mind you Steve has always been good to me. But if it's true he can go fuck himself. The hordes of shirtless colored boys in Doom too are a poker tell. There is no need in story anywhere for so many.

You will never look at this film the same way again. This, folks, was the much-lauded, everywhere praised CLIMACTIC SCENE. Right after this happens, the government bursts in and destroys the house to seize ET and take him away. Once you begin really thinking about the events and scenes of ET, your heart falls out of your soul.

You will also believe burning down LA and most metro areas around the world in nuclear hellfire is the only solution. You would also believe the only reason any sane individual would go to those places is either a. getting rid of somebody or b. gullible or just outright filthy compromised scum same as any pedo there and bound to be part of it all from weakness in character. etc.

i won't lie, when I was a bit younger and was watching these 'hollywood' movies something never fucking felt right. Too forced, too artificial, incredibly fucking uncomfortable.

HEARTLIGHT
Neil Diamond

https://www.youtube.com/watch?v=WgdjK4RXpQw

Come back again
I want you to stay next time
'Cause sometimes the world ain't kind
When people get lost like you and me
I just made a friend
A friend is someone you need
But now that he had to go away
I still feel the words that he might say
Turn on your heartlight
Let it shine wherever you go
Let it make a happy glow
For all the world to see
Turn on your heartlight
In the middle of a young boy's dream
Don't wake me up too soon
Gonna take a ride across the moon
You and me
He's lookin' for home
'Cause everyone needs a place
And home's the most excellent place of all
And I'll be right here if you should call me
Turn on your heartlight
Let it shine wherever you go
Let it make a happy glow
For all the world to see
Turn on your heartlight
In the middle of a young boy's dream
Don't wake me up too soon
Gonna take a ride across the moon
You and me
And home's the most excellent place of all
And I'll be right here if you should call me
Turn on your heartlight
Let it shine wherever you go

Let it make a happy glow
For all the world to see
Turn on your heartlight
In the middle of a young boy's dream
Don't wake me up too soon
Gonna take a ride across the moon
You and me
Turn on your heartlight now
Turn on your heartlight now

I was grown and already starting to get a few measly gray hairs when ET came out but the film made me uncomfortable on some levels as an adult male and I didn't care for how wall to wall saturated the critical praise was for it. I guess we all know what was really being said. Hidden in plain sight. But A2 did the same thing with his Kevin Bacon film. Pandering to the top regime's sex tastes in order to achieve [G]. Was Steven really one? It still saddens me to think so because he genuinely seems a good egg. But the HOR questions are not going away, and in photos he's touching and sitting with her in a way I as a dad just would never. Sometimes you just know. And all times you JUST DON'T, Steven. But yet you did. That, and ET, and Doom? Looks solid.

Yeah-h-hh ET bothers me. It's bothering me now. It bothered me before and it's bothering me now again.
1. Critter is from someplace alien (unfamiliar to and feared by general populace)
2. Critter believes himself magical
3. If we the unwashed ignorant masses only knew Le Truth about aliens we would realize they are Only Our Fwenz and a race better than we who will gib us good things if we simply accept them and their superiority (Steven laid groundwork for this in CE3K)
4. Once in the scary hostile territory of normal life, critter nestles itself and hides in a boy's closet among toys he trusts and loves (the story of pedophile males from the Vatican all the way down to your local church choir: they always nestle themselves into positions of trust among things that children, especially boy children, love)
5. A closet is where you hide your orientation, especially if it is perceived as a negative one
6. Only Elliott at first can see critter
7. Seriously compromised cow sibling later is permitted to see it, but only once she exhibits allegiance (and literally cast as Drew B)
8. Critter wants NO PART of associating with cow sibling or anyone else, all he longs for is Elliott, and he hopes to TEACH HIM THINGS
9. The longer/closer he associates with critter the stranger Elliott begins behaving and the weirder his life gets
10. What critter wants most of all is for Elliott to permit critter to touch a wand-like pendulous body appendange to one Elliott has
11. In critter this is seen as warm and glowing in throbbing tempo
12. Elliott has one too but his is smaller

13. The biggest scene in the picture with the loudest greatest music is the moment Elliott consents and allows these two digits to touch
14. IMMEDIATELY unfriendly feds burst in because this touch of appendages is WRONG
15. But those mean feds are le bad guys, they simply Don't Understand (copyright symbol). Critter and Elliott have le special bond. Can you not see
16. Run, Critter. Run!

Yet there they sit, with smug pompous faces [think Pelosi] refusing to budge. They know what this is doing. They're filled with jealous and hate for folks like me and you. They know all they have to offer are repeated scenes of partying, fucking and drug abuse. That's all they know. the yachts, cocaine, child trafficking, asses and champagne you've seen in a million all the same music videos. They hate we are not like them. They most of all hate we refuse to be like them because it reminds them they are lesser and dirty. We are superior, they are inferior. Every rejection of them by us and by audience serves to remind them they are unnatural, undesired, in the way and should be moved aside. Out of spite they are refusing to be moved, stubbornly. Yet they know the team behind Trump is moving them. Things will get crazy shortly. Continue writing, keep studying film. Doors will open soon and we will need you. Do not post pitches. You'll meet others and the door openings will be obvious. You'll see. Things are poised right on the edge of it.

Oh my friend we are so doing this. What studio? I wish I could tell you but can't. Historic. Probably the most and best known. We are so planning the dream you seek. We want it, too. Actions were taken recently to demoralize us under one of such "stronks". You may have read it in the trades. But we are here and we are cinestrong and the plan is to bring back the era of Bing and Judy (unhurt) and Mickey and Shirley, Humphrey and Kate and Spencer, good stories, real orchestral music, men as men, women as women, no gays unless choreographers or florists the way it used to be and even then tightly controlled because we know their rel to pedos now, no trans, no pedophiles, just light, sound, story and magic. It is so coming, inb4. It is so coming. Tell POTUS to take my earlier advice to him to
>AUDIT HOLLYWOOD
>CRIMINALIZE ONLINE CHAR ASSASSNTN
>CRIMINALIZE DOXXING
>PURGE AND RESTART AD COUNCIL [PATRIOTIC] - we have the Irv Berlin segments waiting! We need only the go ahead!
>SHUT DOWN PEDOWOOD
>PROTECT NEW CLASSIC HOLLYWOOD

We are here, we only need protection and a clear greenlight to all major studios this, not That, is the road to dist and to funding. The American [also WW] audience is waiting longing for this. Supply meets demand. Film is powerful. The left knows this. It's why they [seized] it.

If he opens the door we will march through.

I hate these freaks and pedos and what they have done. Makes me sick and angry thinking about. The stories I want to tell are about exposing them and the ones who they follow. Think Eyes Wide Shut. But also telling stories from history and lesser known heroes. Also a random question, are the Coen brothers hooked into all of this or are they legit artists? The solutions are easy but there has been critical inaction so far. We think it must be strategic and timing related but faith is diminishing. My faith remains strong but we need action. A little lockdown of Lavely would go a long way. Mostly public indictments of the pedos who shut all our careers down 1990-now would do the trick.

These ppl broke existing federal laws that were on the books to do what they did. Yet inaction and when reported to field offices and FBI, NSA? Nothing
